The Italian Royal Navy (Regia Marina) operated one of largest cruiser forces of World War II. As a signatory to the 1922 Washington Naval Treaty, the Regia Marina immediately attempted to reinforce its treaty-limited battleship force by building seven large 10,000-ton heavy cruisers. Italian light cruisers also possessed an interesting design history and were involved in every major fleet engagement in the Mediterranean, as well as several smaller encounters with units of the British Royal Navy. Fully illustrated with specially commissioned artwork, this fascinating volume examines the history of the Regia Marina's cruisers during World War II where they came up against the might of the British Royal Navy.

Study faster, learn better--and get top grades with Schaum's Outlines Millions of students trust Schaum's Outlines to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. Use Schaum's Outlines to: Brush up before tests Find answers fast Study quickly and more effectively Get the big picture without spending hours poring over lengthy textbooks Fully compatible with your classroom text, Schaum's highlights all the important facts you need to know. Use Schaum's to shorten your study time--and get your best test scores! This Schaum's Outline gives you: A concise guide to the standard college course in fluid dynamics 480 problems with answers or worked-out solutions Practice problems in multiple-choice format like those on the Fundamentals of Engineering Exam
