History of public land law development. Written for the ...

Public law is conceived broadly as a type of law that comes into existence as a consequence of the secularization, rationalization, and positivization of the medieval idea of fundamental law. Formed as a result of the changes that give birth to the modern state, public law establishes the authority and legitimacy of modern governmental ordering.

Foundations of Public Law - Oxford Scholarship

In the United States, Acts of Congress are designated as either public laws, relating to the general public, or private laws, relating to specific institutions or individuals. Since 1957, all Acts of Congress have been designated as "Public Law X-Y" or "Private Law X-Y", where X is the number of the Congress and Y refers to the sequential order of the bill (when it was enacted). [1]

Act of Congress - Wikipedia

The history of international law examines the evolution and development of public international law in both state practice and conceptual understanding. Modern international law developed out of Renaissance Europe and is strongly entwined with the development of western political organisation at that time. The development of European notions of sovereignty and nation states would necessitate the development of methods for interstate relations and standards of behaviour, and these would lay the f

History of international law - Wikipedia

The era of modern policing began during the late 1700s and early 1800s, when the explosive population driven by the Industrial Revolution led to an equally explosive growth in crime and civil unrest. Policing in colonial America was carried out by a combination of citizen volunteers along with elected sheriffs and local militias.

The History of Modern Policing - ThoughtCo

*This concise timeline maps the broad history of public international law with particular attention paid to the signing of major treaties, the foundation of fundamental institutions, the birth of major figures in international law and milestones in the development of some of the field’s best-known doctrines.
