Overnight temperatures could dip into the high 60's this week. KREM's Tom Sherry has the full forecast on July 1, 2021.

A Children's Book About Beer? Yes, believe it or not—but B Is for Beer is also a book for adults, and bear in mind that it's the work of maverick bestselling novelist Tom Robbins, inter-nationally known for his ability to both seriously illuminate and comically entertain. nce upon a time (right about now) there was a planet (how about this one?) whose inhabitants consumed thirty-six billion gallons of beer each year (it's a fact, you can Google it). Among those affected, each in his or her own way, by all the bubbles, burps, and foam, was a smart, wide-eyed, adventurous kindergartner named Grace; her distracted mommy; her insensitive dad; her non-conformist uncle; and a magical, butt-kicking intruder from a world within our world. Populated by the aforementioned characters—and as charming as it may be subversive—B Is for Beer involves readers, young and old, in a surprising, far-reaching investigation into the limits of reality, the transformative powers of children, and, of course, the ultimate meaning of a tall, cold brewski.

Jitterbug Perfume is an epic. Which is to say, it begins in the forests of ancient Bohemia and doesn ' t conclude until nine o ' clock tonight (Paris time). It is a saga, as well. A saga must have a hero, and the hero of this one is a janitor with a missing bottle. The bottle is blue, very, very old, and embossed with the image of a goat-horned god. If the liquid in the bottle actually is the secret essence of the universe, as some folks seem to think, it had better be discovered soon because it is leaking and there is only a drop or two left.

"Features more than 1,100 A-Z entries written by 166 of the world's most prominent beer experts"--Provided by publisher.

" Robbins ' s comic philosophical musings reveal a flamboyant genius. " —People Still Life with Woodpecker is a sort of a love story that takes place inside a pack of Camel cigarettes. It reveals the purpose of the moon, explains the difference between criminals and outlaws, examines the conflict between social activism and romantic individualism, and paints a portrait of contemporary society that includes powerful Arabs, exiled royalty, and pregnant cheerleaders. It also deals with the problem of redheads.

Known for his mastey seriocomic novels — expansive works that are simultaneously lowbrow and highbrow — Tom Robbins has also published over the years a number of short pieces, predominantly nonfiction. His travel articles, essays, and tributes to actors, musicians, sex kittens, and thinkers have appeared in publications ranging from Esquire to Harper ' s, from Playboy to the New York Times, High Times, and Life. A generous sampling, collected here for the first time and including works as diverse as scholarly art criticism and some decidedly untypical country- music lyrics, Wild Ducks Flying Backward offers a rare sweeping overview of the eclectic sensibility of an American original. Whether he is rocking with the Doors, depoliticizing Picasso ' s Guernica, lamenting the angst-ridden state of contemporary literature, or drooling over tomato sandwiches and a species of womanhood he calls " the genius waitress, " Robbins ' s briefer writings often exhibit the same five traits that perhaps best characterize his novels: an imaginative wit, a cheerfully brash disregard for convention, a sweetly nasty eroticism, a mystical but keenly observant eye, and an irrepresible love of language. Embedded in this primarily journalistic compilation are a couple of short stories, a sheaf of largely unpublished poems, and an off-beat assessment of our divided nation. And wherever we open Wild Ducks Flying Backward, we ' re apt to encounter examples of the intertly serious playfulness that percolates from the mind of a self-described " romantic Zen hedonist " and " stray dog in the banquet halls of culture. "

The " riveting " true story of the fiery summer of 1970, which would forever transform the town of Oxford, North Carolina—a classic portrait of the fight for civil rights in the tradition of To Kill a Mockingbird " Chicago Tribune On May 11, 1970, Henry Marrow, a twenty-three-year-old black veteran, walked into a crossroads store owned by Robert Teel and came out running. Teel and two of his sons chased and beat Marrow, then killed him in public as he pleaded for his life. Like many small Southern towns, Oxford had barely been touched by the civil rights movement. But in the wake of the killing, young African Americans took to the streets. While lawyers battled in the courthouse, the Klan ragged in the shadows and black Vietnam veterans torched the town ' s tobacco warehouses. Tyson ' s father, the pastor of Oxford ' s all-white Methodist church, urged the town to come to terms with its bloody racial history. In the end, however, the Tyson family was forced to move away. Tim Tyson ' s gripping narrative brings gritty blues truth and soaring gospel vision to a shocking episode of our history. FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD " If you want to read only one book to understand the uniquely American struggle for racial equality and the swirls of emotion around it, this is it. " —Milwaukee Journal Sentinel " Blood Done Sign My Name is a most important book and one of the most powerful meditations on race in America that I have ever read. " —Cleveland Plain Dealer " Pulsed with vital paradox. . . . It ' s a detached dissertation, a damning dark-night-of-the-white-soul, and a ripping yarn, all united by Tyson ' s powerful voice, a brainy, booming Bubba profundo. " —Entertainment Weekly " Engaging and frequently stunning. " —San Diego Union-Tribune

Jesse Stone returns in this New York Times bestselling novel of death and deception from Robert B. Parker. Stiles Island is a wealthy and exclusive enclave separated by a bridge from the Massachusetts coast town of Paradise. James Macklin sees the Island as the ultimate investment opportunity: all he needs to do is invade it, blow the bridge, and loot the island. To realize his scheme, Macklin, along with his devoted girlfriend, Faye, assembles a crew of fellow ex-cons—all experts in their fields—including Wilson Cromartie, a fearsome Apache. James Macklin is a bad man, a very bad man. And Wilson Cromartie, known as Crow, is even worse. As Macklin plans his crime, Paradise police chief Jesse Stone has his hands full. He faces romantic entanglements in triplicate: his ex-wife, Jenn, is in the Paradise jail for assault, he ' s begun a new relationship with a Stiles Island realtor named Marcy Campbell, and he ' s still sorting out his feelings for attorney Abby Taylor. When Macklin ' s attack on Stiles Island is set in motion, both Marcy and Abby are put in jeopardy. As the casualties mount, it ' s up to Jesse to keep both women from harm.

At Dupont University, an innocent college freshman named Charlotte Simmons learns that her intellect alone will not help her survive.

Internationally bestselling novelist and American icon Tom Robbins' legendary memoir--wild tales of his life and times, both at home and around the globe. Tom Robbins ' warm, wise, and wonderfully weird novels—including Still Life With Woodpecker, Jitterbug Perfume, and Fierce Invalids Home From Hot Climates—provide an entryway into the frontier of his singular imagination. Madcap but sincere, pulsating with strong social and philosophical undercurrents, his irreverent classics have introduced countless readers to natural born hitchhiking cowgirls, born-again monkeys, a philosophizing can of beans, exiled royalty, and problematic redheads. In Tibetan Peach Pie, Robbins turns that unparalleled literary sensibility inward, stitching together stories of his unconventional life, from his Appalachian childhood to his globetrotting adventures —told in his unique voice that combines the sweet and sly, the spiritual and earthy. The grandchild of Baptist preachers, Robbins would become over the course of half a century a poet-interruptus, an air force weatherman, a radio dj, an art-critic-turned-psychedelic-journeymen, a world-famous novelist, and a counter-culture hero, leading a life as unlikely, magical, and bizarre as those of his quixotic characters. Robbins offers intimate snapshots of Appalachia during the Great Depression, the West Coast during the Sixties psychedelic revolution, international roving before homeland security monitored our travels, and New York publishing when it still relied on trees. Written with the big-hearted comedy and mesmerizing linguistic invention for which he is known, Tibetan Peach Pie is an invitation into the private world of a literary legend.

One of "our most insightful social observers" cracks the great political mystery of our time: how conservatism, once a marker of class privilege, became the creed of millions of ordinary Americans With his acclaimed wit and acuity, Thomas Frank turns his eye on what he calls the "thirty-year backlash"—the populist revolt against a supposedly liberal establishment. The high point of that backlash is the Republican Party's success in building the most unnatural of alliances: between blue-collar Midwesterners and Wall Street business interests, workers and bosses, populists and right-wingers. In asking "what's the matter with Kansas?"—how a place famous for its radicalism became one of the most conservative states in the union—Frank, a native Kansan and onetime Republican, seeks to answer some broader American riddles: Why do so many of us vote against our economic interests? Where's the outrage at corporate manipulators? And whatever happened to middle-American progressivism? The questions are urgent as well as provocative. Frank answers them by examining pop conservatism—the bestsellers, the radio talk shows, the vicious political combat—and showing how our long culture wars have left us with an electorate far more concerned with their leaders' "values" and down-home qualities than with their stands on hard questions of policy. A brilliant analysis—and funny too—'What's the Matter with Kansas' presents a critical assessment of who we are, while telling a remarkable story of how a group of frat boys, lawyers, and CEOs came to convince a nation that they spoke on behalf of the People. "Los Angeles Times
