Opening the long-closed doors of a bastion of Wall Street that has maintained the strictest privacy until now, *Blue Blood and Mutiny* weaves the history of Morgan Stanley with the inside story of the fight for dominance between two competing business cultures—one, the collegial meritocracy handed down from the days of J. P. Morgan, and the other, a cold, contemporary corporate model. Here is the season's must-read book for anyone who wants to understand the future of American business.
