Dos mundos, a best-selling program for Introductory Spanish known for its exceptional progressive activities, made its name as an innovative pioneer in Beginning Spanish. Today, it has maintained the spirit of innovation through many successful editions and continues to be implemented in numerous beginning Spanish language classes across the nation with outstanding results. Based on the communicative approach, Dos mundos stresses the use of engaging activities in a natural and spontaneous classroom atmosphere. The Actividades de comunicacion play a primary role in Dos mundos, since the core of the program is communication. These activities include fresh, practical ideas from the field of second-language teaching. In this research-based approach to learning language, the development of communicative language skills is the central goal, with formal grammar presentation and practice at the service of communication. To this end, the grammar explanations and exercises on the blue pages at the end of each chapter are designed for quick reference and ease of study. Additionally, cultural content is integrated throughout each chapter. The new Conozca section on each chapter opener gives an introduction of the country or region of focus, including information about holidays, foods, famous people, and important cities. Ventanas culturales readings focus on community, customs, and daily life while Ventanas al pasado readings focus on aspects of the social, cultural, or political history of the Spanish-speaking world The Enlace readings explore literature, music, and cinema, and the Lecturas present topics such as sports and leisure activities. Dos mundos is available with CENTRO a portal learning management system through which various digital components, including Quia™ Workbooks and Laboratory Manuals and interactive e-books can be purchased. This McGraw-Hill exclusive system offers a single log-in authentication for students and a single gradebook for instructors.

The Cuaderno de actividades is intended for use primarily outside the classroom. This combined workbook/laboratory manual features Actividades escritas, Actividades auditivas, Resumen cultural, Pronunciacion y ortografia, Videoteca, and Lecturas. The Preface in the Cuaderno de actividades provides a detailed description of all sections and types of activities. This version of the Cuaderno covers the second half the book, Capitulo 8-Capitulo 15.

Emphasizing communicative proficiency, this introductory book is based on the Natural Approach. It stresses the use of activities in a natural and spontaneous

classroom atmosphere. The development of receptive skills - listening and reading - precedes, and forms the basis for the development of the productive skills - speaking and writing.

The philosophy of this best-selling introductory text is to emphasize communicative proficiency. Based on the Natural Approach, the text stresses the use of activities in a natural and spontaneous classroom atmosphere. In this comprehension-based approach, the development of receptive skills listening and reading precedes and forms the basis for the development of the productive skills speaking and writing. "Dos mundos" is designed so that class time can be devoted to exposing students to Spanish through the abundant activities and readings in the text, allowing the grammar explanations and exercises to be studied outside of class.

Based on the Natural Approach, Dos mundos stresses the use of engaging activities and interesting readings in a natural and spontaneous classroom atmosphere. In this comprehension-based approach to learning language, the development of communicative language skills is the central goal, with formal grammar presentation and grammar practice at the service of communication. The text is designed so that class time can be devoted to exposing students to Spanish through creative activities and readings, allowing grammar explanations and exercises to be studied outside the classroom.

The Brule Dwellers of Ascension Parish are descendants of Canary Island immigrants who came to Louisiana in the late 1700s. A few residents in and around the Ascension Parish area still speak an archaic dialect of Spanish which is at the brink of linguistic extinction. Because the Brule dialect is in the final stages of what is commonly known as " language death ", the case of Brule Spanish presents an exciting opportunity to investigate commonly held assumptions regarding the structural changes often associated with vestigial languages. Its relative isolation from other dialects of Spanish for over two hundred years serves as a sort of linguistic " time capsule " which provides information that is relevant to critical outstanding issues in Hispanic dialectology and historical linguistics. In addition to examining these issues, documenting the specific characteristics of Brule Spanish, and comparing Brule Spanish with other modern Spanish dialects, this book presents a very accessible introduction to the field of language death.
