Basic specification outline for a dockside crane -- App. 7. Computers in the maintenance environment -- App. 8. A maintenance management computer system -- App. 9. International comparison of container ship productivity.

Now in its 48th edition, Lowe's Transport Manager's and Operator's Handbook 2018 is the most comprehensive guide available to the operational rules and guidelines governing the UK, Ireland and the EU's road transport operators. This best-selling, exclusive handbook is an essential reference and explores in detail the most pressing issues in today's road transport industry. It includes details on professional competence, rules on working times and driving hours, licensing and penalties, insurance, road traffic law, maintenance advice and the international road haulage market. This manual includes guidance for drivers in the Republic of Ireland and mainland Europe, along with the rules and penalties governing these regions. Lowe's Transport Manager's and Operator's Handbook 2018 is the essential reference source for any transport manager, fleet operator, owner-driver haulier or student with an involvement in the industry. This new edition has been thoroughly updated and revised to reflect the latest developments in legislation and regulations, including information on driving test changes, the new Vehicle Operator Licensing System (VOL), new penalties for mobile phone use, vehicle maintenance plans, and the introduction of the Ultra Low Emission Zone (ULEZ) and T-Charge in central London.
