The Gypsy Lovers By Sahara Kelly They were the toast of the Ton. Six wild and handsome "Gypsies" enthralling Regency London with their music. Finding solace from war-torn France in the quiet English countryside, Viktor Karoly and his friends seek nothing but a measure of contentment, a chance to rest and play their popular songs. Forged into a unit by their common need to protect the weak, all six gather one summer evening at a country house for a party.one that would split them up and send each on the adventure of a lifetime. Secrets would be revealed, their pasts would come back to haunt them, and for each man a woman-a special woman who could reach past their carefully-constructed facades and into the soul beneath. As fiery in bed as they are in their hearts, these Gypsy Lovers like nothing more than to burn up the sheets. However, none of them expected the resulting blaze to consume them or make them so much more than they were on that fateful summer night.

She's after a duke, but it's the valet who gives her the royal treatment All Leah wanted was a little gallantry. But in this day and age, chivalry was most definitely dead. If only there were a way to travel back in time and snag her very own duke. Avery Russell was polishing some boots when a woman fell through the bedchamber mirror into his arms. All he could make out from her breathless babbling was some nonsense about "my one true love, Your Grace." Clearly the chit was mad if she couldn't tell a valet from a duke! As much as Avery wanted to give in and give her a good tumble, he knew it wouldn't be proper. No, he'd take as long as necessary to convince Leah that sometimes a duke just won't do. Welcome to the naughtiest little village in England! Flora Swain is a newcomer to the village of Marwick Magna, renowned for the inspiration it provides to painters, authors and other artistic types. Impetuous and strong-minded, Flora is no artist - yet. But there are creative urges within her, she is convinced, and she's come to the country to give them life and expression. The strange thing is that most of Flora's urges turn out to be almost entirely sensual. Is it the mystique and undoubted physical allure of her new neighbour, Declan McKenna, that's driving her wild? Or the explicit messages which appear daily in her post? Or could it be that country life has revealed to her a daringly sensuous new self? Could Wild Flower be the real Flora Swain?
