This collection presents a number of studies in the lexico-grammar of English which focus on the one hand on close reading of language in context and on the other hand on current functional theoretical concerns. The various contributions represent distinct functionalist models of language, including Functional Grammar and Functional Discourse Grammar, Systemic-Functional Grammar, Role and Reference Grammar, Cognitive Grammar and Construction Grammar. Taken

together, however, they typify current work being conducted from the grammatical perspective within the functionalist enterprise, emphasizing on the relation between structure and usage. A fundamental goal of the enterprise is to identify linguistic structures which are constrained by specific features of use, or which actually encode specific features of use, as many of the contributions here show.

'There is a plot, Harry Potter. A plot to make most terrible things happen at Hogwarts School of Witchcraft and Wizardry this year.' Harry Potter's summer has included the worst birthday ever, doomy warnings from a house-elf called Dobby, and rescue from the

Dursleys by his friend Ron Weasley in a magical flying car! Back at Hogwarts School of Witchcraft and Wizardry for his second year, Harry hears strange whispers echo through empty corridors - and then the attacks start. Students are found as though turned to stone... Dobby's sinister predictions seem to be coming true. Having now become classics of our time, the Harry Potter ebooks never fail to bring comfort and escapism to readers of all ages. With its message of hope, belonging and the enduring power of truth and love, the story of the Boy Who Lived continues to delight generations of new readers.

As of Volume 9 (1994/95) John Benjamins Publishing Company is the official publisher of the Belgian Journal of Linguistics, the annual publication of the Linguistic Society of Belgium. Each volume is topical and includes selected papers from the international meetings organised by the LSB. This volume on subjectification and modalization sheds new light on two kinds of shifts: (i) the shift from originally lexical reading toward propositional or procedural ones and (ii) the shift from direct

speech to various forms of indirect speech. The papers of this volume not only corroborate many of the assumptions and hypotheses on semantic and syntactic change made in the literature, but also uncover the underlying principles that motivate these processes. Five papers discuss the patterns lying behind the grammaticalization and subjectification of adverbs and verbs. Three papers dwell on different ways of reporting or distancing the speaker's own or someone else's discourse and address the issue of how the speaker can make use of tense to modalize the proposition.
