Successful businessman, philanthropist, and motivational speaker Rich DeVos has learned the value of maintaining a positive attitude and offering encouragement to others. Now, with the knowledge and wisdom he has gained from his experiences and the influential people he has met DeVos offers you the key he has discovered in unlocking the powerful potential of ten ordinary yet life-changing phrases. Simply by adding these phrases into your daily conversations you can help motivate achievement, instill confidence, and change attitudes in your work and family life. Beyond these practical but profound phrases, DeVos delivers an inspiring message of building hope that resonates in the heart of every human being. Your decision to live with a positive attitude can change your life, your community, even the world. Start today with one small phrase: You can do it.

How to realize your own leadership potential Based on the bestselling book, Deep Change, The Deep Change Field Guide takes readers through the introspective journey of personal transformation. The field guide streamlines, updates, and augments the content of the original book into an interactive self-teaching course that helps readers learn how to become powerful agents of change. Learning tools include reflection questions, film assignments, and action plans that help readers think about the concepts in terms of their own situations, and identify actions to embody the concepts in their lives. The field guide has been carefully designed so that individual learners can gain the same benefits that students have long enjoyed in the author's courses, and the learning tools also lend themselves to both the academic and professional classroom. Complements to Robert Quinn's bestselling book Deep Change Includes exercise, reflective questions, and worksheets throughout Provides reader with a "self-help" guide to overcoming the personal and professional obstacles that prevent transformational leadership For anyone who yearns to be an internally driven leader, to motivate the people around them, and develop a satisfying work life, The Deep Change Field Guide holds the key.

When we think of serial killing, we tend to think of it as a perversion of contemporary society. The Human Predator makes an eye-opening case for the existence of serial killers throughout time—the motives and methods, the societies that spawned them, and the historical periods in which they lived . . . and killed. From Ancient Rome and the Dark Ages to the open roads of America, from the exploits of French religious zealot Gilles de Rais to such high-profile monsters as Jeffrey

Dahmer and Aileen Wuornos, Katherine Ramsland offers a complete chronological record of the serial-killer phenomenon—and the parallel development of psychology, forensic science, and FBI profiling in the serial killer's evolving manifestation throughout human history. INCLUDES PHOTOGRAPHS

A journey of discovery-- " I never knew all that"--"I have to admit: I'm hooked"--"That's pretty persuasive"--"What does that tell you?"--"What difference does it make?"--A quest fulfilled.

A practical field guide to the practice of scrum, an agile software project management methodology.

This modern spiritual classic by Frank Sheed, the renowned author, publisher and lecturer, is brought back into print for the benefit of new generations of readers to develop a deeper, more profound knowledge of Jesus Christ. Sheed's concern with the Gospels is to come to know Christ as he actually lived among us, interacted with all the various people he encountered from his infancy to his passion and death--the God-man who was like us in all things except sin. Sheed has tried especially to see Our Lord in his effect upon others--seeing how they saw him, trying to see why they saw him so. There is much about Mary and Joseph in their task of bringing up a baby who was literally adorable; about John the Baptist; about Mary of Bethany and Mary Magdalen; about Nicodemus; about people we meet only for a moment, like the man born blind and the owners of the drowned swine; and why the Pharisees, not only the worst of them but some of the best, would not accept Christ. Faith, doctrine, prayer, worship--all the content and consequences of Christian belief--rest on the person of Christ Jesus as recorded in the Gospels. In this classic study, Frank J. Sheed employs wide learning, theological sophistication, spiritual insight, and a lucid style to bring the reader to a personal encounter with the living Lord. To Know Christ Jesus has been justly called "one of the most satisfying studies of the Gospel ever made." Frank J. Sheed had a distinguished career as a publisher, lecturer, street-corner evangelist, and popular writer. He and his wife Maisie Ward were the founders of the publishing house Sheed & Ward. His many books include Christ in Eclipse, What Difference Does Jesus Make?, Theology and Sanity, and A Map of Life.

Large companies and small are increasingly seeing outsourcing as a means of making the most of their more limited resources. But how do you know whether it is right for your organization? What benefits are on offer and how do you ensure you realize them? How do you begin to construct a value-for-money agreement or determine a basis for pricing? What are the risks, and how do you recognize and manage them? Because every organization's needs are different, informed answers to these questions have been difficult to come by. Robert White and Barry James are experts with more than 35 years of experience in this field. The Outsourcing Manual is a fully comprehensive guide for any organization considering taking this route. It is above all practical, with models, outline procedures, a step-by-step guide to procurement, and standard documentation that can easily be adapted to your organization's requirements. There are case studies and worked examples throughout. The four part structure takes you through: assessment of outsourcing as a strategy for your

organization; the planning phase; implementation; and outsourcing from the supplier's perspective. If you are involved in or considering outsourcing, the methodical and case study illustrated approach of The Outsourcing Manual will equip you to manage the process for a successful outcome.

In SAY NO TO DIABETES, nutrition expert Patrick Holford presents a complete action plan for sufferers of type-1 diabetes, type-2 diabetes and the forerunner of type-2 diabetes, metabolic syndrome. He outlines the causes of the current diabetes 'epidemic' and explains the 10 secrets for preventing and reversing diabetes and metabolic syndrome. Comprehensive yet doable, SAY NO TO DIABETES provides an anti-diabetes diet, recipes, a daily supplement programme and advice on how to undo the damage caused by diabetes and diabetes drugs. Based on the latest scientific findings, combined with easy-to-follow advice and motivating case histories, this practical programme will help you regulate out-of-control blood sugar levels safely and effectively, with no dangerous side effects.
