Volusia (2001-2004), Boulevard C50 (2005-2011)

By Jamey Aebersold, adapted by Luke Gillespie. Why should horn players have all of the fun? Now, the number one selling Jazz Improvisation book in the world has a whole new look! Introducing a new version of Jamey's world famous Volume 1: How to Play Jazz and Improvise, completely revised and specifically tailored

for you by jazz pianist Luke Gillespie of the prestigious IU school of music. This edition is perfectly aligned with the original classic Sixth Edition that introduced tens of thousands of musicians to essential jazz fundamentals such as scale/chord relationships, note choices, etc. In this special edition, however, the text has been carefully edited and rewritten to speak specifically to pianists. The musical examples have been rewritten, as well, in grand staff format and include suggested left-hand and two had voicing examples to be played with the CD tracks. The first play-a-long/demonstration CD includes special stereo separations, allowing the piano to be eliminated so that the student can play along with bassist Rufus Reid and drummer Jonathan Higgins. The second CD includes the same play-a-long tracks as the first CD, but at slower practice tempos. A complete package for the beginning jazz pianist! 106 pages, spiral bound for easy opening.

Map the innovation space—and blaze a path to profits and growth Countless books, articles, and other advice promise leaders solutions to the complex challenges they face. Some offer quick, silver-bullet remedies—a straight line to success!—and some are so technical that readers get lost before they begin. Now, there’s Mapping Innovation, a refreshing alternative in the crowded business innovation space. Engaging and informative without sacrificing substance and expertise, this groundbreaking guide provides thorough background on some of the greatest innovations of the past century as well as . It details the processes that advanced them from inception to world-changing products—and shows you how to replicate their success. Business innovation expert Greg Satell helps you find your way by revealing the four models of innovation: Basic Research, Breakthrough Innovation, Sustaining Innovation, and Disruptive Innovation. One size does not fit all, so he provides a framework—the Innovation Matrix—for discovering which “type” of innovation process best suits the problem you need to solve. It’s about asking the right questions, so that you can apply the right strategies to the problems you need to solve. In the end, you’ll have a crystal clear model for disrupting the marketplace, scaling your efforts to propel your enterprise forward, and leverage digital platforms to your advantage. Mapping Innovation offers a simple and accessible but powerful approach to developing a strategy that will put you light years ahead of the competition!.

By 250 AD, Christianity had spread throughout India and China. Known as the Shining Religion or the Luminous Teaching, it drew adherents from Buddhism and Hinduism who were seeking a faith that taught the possibility of achieving a society founded on love and compassion for their fellow man. The new doctrine reached the island nation of Japan where it was so well received that Christianity threatened to supplant Buddhism as the dominant religion. By the close of the 16th century Japanese Christians numbered in the millions. Fifty years later Christianity was officially proscribed and Christians faced execution for openly practicing their faith. Jesus and the Samurai tells their fascinating story with facts drawn from ancient and modern sources.

Never Far Away is a short story and resource for the parent who has a child that doesn't like to separate from them when time for school or work. It has illustrative pictures and content for the parent and child to interact before they go about their day.

GSX-R600 (1997-2000)

After her nightmarish recovery from a serious car accident, Faye gets horrible news from her doctor, and it hits her hard like a rock: she can’t bear children. In extreme shock, she breaks off her engagement, leaves her job and confines herself in her family home. One day, she meets her brother’s best friend , and her soul makes a first step to healing.

The hair-raising true story of the first team to raft the entire length of the Amazon. To a trio of twenty-something adrenaline junkies, it sounded like an irresistible challenge: Tackle the Amazon with nothing more than a rubber raft between them and fate. In Amazon Extreme Colin Angus provides a you-are-there account of his expedition’s terrors and triumphs. In spite of Shining Path gunmen, mosquito-laden drinking water, and, of course, the terrifying rapids themselves, his crew also found a reverence for the equally compelling beauty that makes this region so renowned. Graceful dolphins, lush forests, and the intriguing people who live along the river complete the backdrop as Angus’s five-month excursion unfolds. Culminating in an astonishing victory that garnered major media coverage, this is the story of three guys who truly went off the deep end, and one who came back to write a riveting recollection of it.

Life has gotten a bit boring for Zuria Johnston, and with the exception of her Friday nights out with her best, flamboyant friend, Chase, and her job as a guidance counselor, she seems to have hit a rut. After a rough break-up with her longtime boyfriend, Manuel, her prospects of finding a man also seem pretty bleak. That is, until she connects with her poetic crush, Amir, and he opens her eyes to a world of romance and passion that she didn't know existed. She discovers what it feels like to be loved as a real woman should, and to overcome the difficulties of being a young, strong, black woman who is afraid to have her heart broken for a second time. The thrill of new romance seems to fill the emptiness in her life, but her old life isn't as easy to escape as she first thought. Mistakes that she thought she had left behind threaten to undo everything that she has begun to build in this new chapter of her life, but she isn't the only one battling the demons of her past. The poetic and passionate Amir harbors some dark secrets of his own, and when the truth begins to come out, the connection between her two lovers, old and new, may end her short reign of happiness before it ever fully begun. With love from one man and sworn vengeance from another, Zuria is trapped in the middle, trying desperately to make her way through the tangled troubles of family, love, and happiness. The problem is, she might lose more than the man of her dreams. As this complex and spellbinding story reaches its peak, Zuria will have to risk mind, body, and soul for herself and the people she loves, but will that final risk mean achieving the life she'd always dreamed of? Or will she end up making the ultimate sacrifice?
