A Doctor, A Lawyer, and an Accountant tell You Everything You Need To Know About What Men Want. If you're like most women, you're in the dark about what men really think about love. This enormously helpful book takes you into the heart and mind of the single professional male to show you not only what but how he thinks about dating and being in love, about what turns him on, and what sends him running in the other direction.

In What Men Want, women got the straight talk about the dating game from three young, attractive, and successful men. Now, the authors answer the No 1 question asked of them, "How do I get my guy to commit?" In Marry Me!, Brad, the married lawyer, Rich, the engaged doctor, and Chris, the single accountant, give women a step by-step look at the road to commitment - moving from the first date through the proposal stage to the wedding preparations. Marry Me addresses one of the most overlooked issues influencing a man's decision to commit - his career. It is perhaps the most important factor when it comes to marriage, and here the authors offer invaluable advice on getting men to commit, regardless of what career stage they are in. By the last page every woman will know the moves she must make and those she must avoid to keep Mr. Right heading toward commitment, a proposal, and marriage. Frank, funny, and full of priceless male insight, Marry Me! is a must-read for the millions of women looking to jump from the dating game into a fulfilling long-term relationship.

This will be the very last book you ever read. Because after you have read this book, you, Good Sir, will know how to be a pro athlete. And pro athletes don't need books. Or strong family bonds. Or any of that stupid crap. Not when they have ready access to millions of dollars and scores of smoking hot chicks with questionable judgment. This book will be all you require to cast aside your boring life as some jackass who cruises around bookstores hoping to score grad-school trim. With Men with Balls, you will learn how to: Showboat using classical pantomime techniques Figure out whether or not a stripper actually fancies you Emotionally cope from the emotional fallout of rookie year hazing games Find out which free locker room amphetamines will give you a shot of energy, and which will cause you to run down terrified schoolchildren with your Escalade (NOTE: Some do both) Avoid media scrutiny by directing beat writers and columnists to the nearest hot buffet So grab your balls, bookboy. You're about to become a home-run hitting, steroid-injecting, angry-orgy-having Turbostud. They're gonna need a whole ocean just to wash your jock.

Competing answers to dilemmas involving love, sex, marriage, and family scream to us from nearly everywhere. The Redemption of Love reveals what the Bible has to say about these issues by applying the growing economic study of religion. Using Genesis, Jesus, Paul, and the Song of Songs, Carrie Miles outlines a consistent description of biblical love throughout Scripture, asserting that it is the only effective solution in today's battle to save marriage and family. This book is a valuable tool for clergy and laypeople.
